

I am writing because I am concerned about your proposal to expand LPFM stations in a way that would allow these stations to take priority over current FM translator service.

I am a avid listener to a national station known as K-LOVE, which is heard on 90.7FM in my area. Some K-LOVE stations that are heard on FM translators could be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service.

Stations such as K-LOVE are important to the local community and are in the public interest because they offer an alternative to local programming and promote national unity. In particular, K-LOVE serves by providing Christian music and Christian programming that is often not available in the local market.

I ask that you protect our K-LOVE station and other FM translator stations nationwide.

Thank you for your help!
Janet Emry
